BiG Taco Report

Have you ever wondered if there was a way to change the world by the use of one word? Lots of words come to mind... Peace, Love, etc. I have been thinking that if we could get folks to take one action, practice what one word means... everything would be better... that word is... **CONSIDERATION**.

Think about it, if we gave consideration to others wouldn't the world be a better place?

If we did not stop in the middle of the street to talk to a friend, and instead pulled to the shoulder to allow others to pass, takes no effort and does not delay others.

If when in a crowd we did not stop in place but rather stepped to the side out of traffic before we stopped, instead of thinking of only ourselves, and forcing others to step around us.

If we told other folks "PLEASE" or "THANK YOU" wouldn't that make them feel better and take so little effort on our part?

Don't criminals lack consideration for others when they take what others have earned?

Doesn't a lazy employee lack consideration for his co-workers when he forces them to have to work harder to cover for him?

Look at today's world, are terrorists showing consideration to anyone? They just seem to want to kill anyone who does not agree with their beliefs.

CONSIDERATION... it is just a word, but if we all practiced it I think it would help us in our homes and in our jobs and in the way nations interact with each other.

Wouldn't it be great if we at B&G could get it started by being more considerate to our customers and showing them more consideration for choosing to spend their hard-earned money with us? If we could only greet them with a smile, give them what they ordered in a timely manner, thank them and ask them to come again – do you think they would show consideration to us by coming back to visit us more frequently? Think about it...

**This review of Store 16313 in Crowley, LA was posted in
a Facebook group called Acadiana Area Restaurant Reviews.**

During our weekly road trip into town to pickup curbside groceries at Wally World and prepped food elsewhere (We haven't eaten IN a restaurant in over 4 months.), Ol' Lady Granny and The Boudini hit one of our most common haunts during this bizarre pandemic: TACO BELL in Crowley. In our rather expansive order, we included 2 of their current promo items.

One is the prior promo'd Nacho Crunch Double Stacked Taco. There are so many things to love about this scrumptious taco, which was previously released in 2016 and has seen the menu a couple of times before. It incorporates both soft and hard-shell tortillas tastefully bonded together with a ligature of tasty nacho cheese. It's then filled with beef, cheddar cheese, shredded lettuce, and crispy Red Strips. What's not to like?

Best of all and only again for a short temporary "moment" (Why do they always do this? Why not make these items permanent?): THEY'RE ONLY A BUCK EACH! This baby would cost 3-5 times that anywhere else and not be nearly as tasty!

On The Boudini "1-10" Pigulation Meter: It registered a strong "7.0"! For only a dollar! Wow!

In addition, we also ordered TACO BELL's current version of their Grilled Cheese Burrito, the newest menu addition featuring beef, rice, a three-cheese blend, red strips, chipotle sauce, sour cream, plus a tortilla, and then to top it off, another layer of cheese. It's then seared through their "grill".

This is another winner you won't be able to obtain anywhere else! You can get it off the menu for \$2.99, or order the Combo Box for \$5.00, which includes a Regular Taco of your choice, Cinnamon Crisps, and a Medium Size Drink! Again, anywhere else, just the drink and regular Taco would put you back more than that and not be nearly as succulent!

This rang up a big rating with an "8.5" from us ol' geezers!

As I said prior, we've done the Drive Thru at Taco Meal many, many times during this pandemic. Though it's not curbside service which we prefer, all of their employees are masked, gloved, and they don't even touch your credit card as they position the scanner far enough toward you, you insert or scan the card yourself!

We like that! More places need to replicate such service!

You self ascribed cuisine snobs who have already uplifted your noses at the mention of "TACO BELL", will some day realize it's your loss! Their food is tasty, quality, and almost always, amazingly fast!

In this moment, they do all this better than any other competitor!

Great Job!
