BiG Taco Report

As we enter October hoping for cooler weather, a major portion of our company continues to recover from the effects of Hurricane Ida. The storm closed stores from the Mississippi Gulf Coast on the east, to Lake Charles on the West as it came ashore. Power outages were felt in the Baton Rouge market, but were mostly short lived, while extensive power outages effected our entire New Orleans market.

We had major damage to our Grand Caillou store on the East side of Houma, while other stores near the Houma area all had sign damage, but thankfully not much else.

Stores were without power in the Houma area for nearly 3 weeks. Our Thibodaux store, run by General Manager Morgan Hall and supported by Area Coach Juanita Antoine and Region Coach Michelle Matherne, got open very early in the process as soon as they got power and fed the community which was heavily battered by the storm.

Our Morgan City and Bayou Vista stores run by Hilda Ruffin and Donna Broussard, had huge increases in sales due to the catastrophic damage to areas east of Morgan City. For weeks people from the Houma-Thibodaux area were coming to the Morgan City area for food and gas.

Our West Main store in Houma, run by General Manager Diana Caillouet, was our first Taco Bell to ever open and operate entirely on generator power. When that store opened, we were one of the first restaurants in Houma to get open after the storm.

A few weeks later, we were able to open Grand Caillou store also on generator power. Area Coach Carolyn Henry was able to pull this together and get open when not many services were being offered on that side of town.

In the last week or so other stores in the Houma area have been able to reopen, all giving their communities a bit of normalcy.

Huge thanks to everyone that helped get stores cleaned up and reopened, even while dealing with their own residences receiving damage.

Please stay vigilant, we still have a month to go in Hurricane season.

Greg Hamer Sr.

SCAM ALERT!

We recently had a Shift Lead called by a Scammer. They used the name of a Taco Bell Corporate employee (Steve Plank). The scammer instructed the employee to send \$1,000 dollars worth of gift cards to a number provided by him. This scam is not new. Please have your RGMs review this Scam Policy with all of the MICs and employees. This SL didn't follow any of the procedures or read the scam policy on the safe doors. B&G or Taco Bell Corp will never call the restaurants to wire money, the best procedure is to hang up and call your AC/RC.

Action

If you receive a solicitation call please inform the caller that you are not authorized to pay anyone from company funds, to deposit funds, or wire money to an unknown party. Direct all inquiries to the Restaurant Support Center so we can investigate the incident thoroughly. Please document the number the caller is calling from and **Hang Up!** Immediately report the call to your RGM, Area Coach, Human Resources, or your Loss Prevention Representative.
