BiG Taco Report

We are officially halfway through 2022 and are now entering the high time for potential hurricanes for the Gulf Coast stores. It is inevitable that we will have markets threatened by hurricanes in the next 3 to 4 months. Please take time to review with your teams the importance of staying in touch with their supervisors before, during, and after a storm. Staying in touch is not only so everyone can know about how to get the stores reopened after a storm passes, but also so we can verify that everyone is safe or if anyone is in need of assistance, enabling us to help.

We will always closely monitor storms; we will never put anyone in danger while coming into work. Our restaurants are vital parts of our communities. It is important that we are open while people are traveling through our communities and reopening after a threat passes when people return. We will never put anyone in harm's way; we got you!

Moving on to belligerent customers; as you all know we have had more than normal belligerent customers coming to our restaurants, whether they are mad because we are short staffed on a shift, out of pizzas due to supply chain issues, or unaware of how Covid and gas prices have changed our world. We have to be vigilant and attempt to de-escalate any customer issues no matter their behavior. Use the panic button if necessary and have authorities remove them from the property. Never come from behind the counter and never ever go outside to confront a customer; it is dangerous and not worth losing your job over.

Next is work place violence. We continue to see incidents between employees; we have a zero tolerance for any type of harassment or abusive behavior towards anyone in any of our restaurants. There will be no second chances; if you are the cause of an incident, we will have no choice but to remove anyone acting aggressive or abusive.

Given all the challenges we have had over the past few years, you have all done a superb job serving the people of your communities; we cannot thank you enough. We do believe that the labor market and the supply chain issues will continue to slowly improve and things will get better over time.

Stay alert, stay positive, always be aware of safety procedures, and have a great July!

Greg Hamer Sr.

The B&G Charity Fund has been established to help the many needs in our communities. Any donation you make will go toward helping those that are in need of immediate assistance. Some of the organizations that we donate to are Shriners Children's Hospital, The Salvation Army, American Cancer Society, St. Jude's Children's Hospital and The Wounded Warrior Project. Please know that there are many other needs our company responds to when tragedy strikes. The charity also assists flood victims and provides food and clothing when homes are lost to fire.

You can be personally involved in helping bring aid and comfort to many people in need. Please know that no contribution is too small. Be as generous as you can. Any donation that you make B & G will match. All donations can be done through payroll deduction.

TOGETHER WE CAN!
