BiG Taco Report

Kids are back in school and football season has finally arrived!

The Mexican Pizza will relaunch soon; we are hoping our customers will be excited about the return of the Mexican Pizza.

While we continue to make positive strides with staffing in our restaurants. We are not where we need to be yet, but we have seen improvement across the board. Please remember we have a referral program for anyone you refer to your store that is hired and works for 30 days. We are always looking for good people to work in our restaurants.

Violent incidents in our restaurants continue to happen. We have had multiple incidences of crew members fighting with each other or with customers. Everyone knows we have a zero tolerance for any type of aggressive behavior or violence and these actions lead to immediate termination. When arguments start between crew members, hopefully everyone will try and help deescalate the situation to prevent an incident. When customer arguments occur, we should never go outside of the building. Most incidents with customers occur in the parking lot, but if our crew does not go outside, we can prevent some of these incidences.

We will soon be approaching the holiday season. We need to all be aware of safety and security procedures like not opening the back door after dark. Using drop boxes are best the deterrents for a robbery; most robberies are inside jobs. We have had a few instances that a drive-thru cashier was an accomplice in a robbery at our restaurant. Eventually, the cashier was arrested and charged with accessory to armed robbery; not a good look as 20 years is a long time to go to prison. The best thing that we can do to prevent robberies is not be an easy target; if all procedures are followed, it is less likely to happen.

Thank you for everything you do, please remember to smile be happy and stay safe.

Greg Hamer Sr.

HUMAN RESOURCES REMINDERS:

- School Zones are effective in most school districts. Please pay attention to children getting on and off busses.
 - Monitor your speeds to reflect the posted school zone speed limit.
 - Do not use your cell phones while in the school zone. – Pay Attention, Pay Attention, Pay Attention.
- Flu Season: September and October are good times to be vaccinated.
- If you have a generator, make sure to test them and have the oil changed just in case you need them during this storm season.

Thank You,
Human Resources

Profile of a Champion

Neakeema Hollingsworth, RGM at 2952 in Alexandria, LA, is a great example of the using the leadership shadow everyday. She always as a positive attitude and will brighten your day by just walking into her restaurant. You can hear the passion in her voice for her team members and customers. Neakeema is always finding fun and creative ways to challenge her team and motivate them. Her recognition programs in her store is outstanding, along with daily use of the crew app to recognize her team and to coach them. Neakeema and her team have led the area in VOC results for the last 3 years and her positive sales show how much her customers love her and her team.

Thank you for bringing your best everyday and motivating others to do better.

Thanks, Neakeema, for being a Champion! We appreciate YOU!
