

BiG Taco Report

Operational Insights

Congratulations TEAM B&G for being #1 in Kiosk Utilization in Taco Bell nation in Q2. Thanks to each of you!

Right Host in the Right Place

Having the right Host is the MOST important. Hosts should be proactive team members who are passionate about our brand values, understand our digital goals, and enjoy engaging with customers more socially vs. being order takers. This requires them to be in the right place to support everyone's needs that walk through our door, and that's out from behind the counter and in our lobby, right in the customer's path! REMEMBER: DO NOT force a customer to use the kiosk for any reason!!!

Certify for Success

Every Host should be fully certified in role and familiar with all the resource materials that support the digital business – Kiosks, Mobile, & Delivery. Remember, Hosts are responsible for more than just Kiosks, they are the face of our brand and the one all our digital customers or delivery drivers engage with every time they enter our restaurants.

Track what customers say about YOU:

- Ask your GM about the Restaurant Coaching Dashboard report in MyTacoBell.
- Compare period results vs. last period
 - o sales and transactions
 - o Drinks per transaction
 - o Digital Sales
 - o Kiosk utilization
 - o Taco Supreme results compared to national and the DMA
- Food First, Service Always
 - o Shows top complaints & top items mentioned by your customers
 - o Complaints by daypart
 - o Speed of service results for each daypart

Tips to Reduce Complaints

MISSING Drink Complaints:

- Give the customer their drinks prior to their order.
- Place the customers drinks and Bag together on a tray.
- Place the drink in front of the labeled bag so the customers see it first. For two or more drinks, ensure that you are using a drink tray.

Missing/Received Wrong item complaints:

- Make sure teams are double-checking the items going in the bag match the items listed on receipt.
- Use the item count on the bottom left of your touch KDS to ensure that you have the correct number in the order.
- For digital pickup orders that contain multiple bags, place all bags in the order into an XL bag.

Digital Pickup:

- Ensure there's a digital host, refer to the digital host "own your zone" card for tips on how to best serve our customers.

Product Quality:

- This is the number one concern for customers. Emphasize the importance of full products and accurate orders with your teams. Embrace and rally around the mindset of Food First, Service Always.
- Focus on fundamentals. Check out the target weights on MyTacoBell to ensure every product is meeting expectations before going out the door and bag items in the proper order to avoid products being smashed.
