## **Patrick's Region**

**From Area Coach: Ahakim Lacy**

**34246 Meraux, LA**

"I would like to recognize Tichelle Adams, RGM at 34246 Meraux for an excellent culture and a 'Yes I can' attitude. Because of this Tichelle has fostered an environment that has her in the top five of the company on P&L and consistently runs under 3:30 on speed. She has done an excellent job at building sales and transaction growth at the location. With her leadership the restaurant continues to grow and thrive."

## **Alma's Region**

**From Area Coach: Stacy Bradshaw**

**36761 Pine St. Abilene, TX**

"Sarah and her team at Store #36761 (Pine St. in Abilene, Texas) have come a long way on their journey to improving their store. Pine Street is a high-volume restaurant that has continued to see positive growth in sales thanks to the great team and leadership at the store. Sarah is a great leader and contributor not only to her restaurant but to her area as well. We are so proud to see how far Sarah and her team have come and look forward to seeing the amazing things they'll accomplish in the future."

## **Michelle's Region**

**From Area Coach: Kenneth Guidry**

**38852 Livingston, LA**

"When I think of 'Live Mas' improving the lives of its employees, there is one person that comes to mind and that is Tammy Traylor the RGM of Livingston. She always has her crew's best interest at heart, celebrating birthdays and all holidays. She brings the YES I CAN! cards to life! Thanks for all you Tammy!!!"

## **Carolina's Region**

**From Area Coach: Francisco Valenzuela**

**34015 Cullen, Houston, TX**

"I want to send a recognition to Amanda Acevedo, an RGM at Cullen 34015. When they gave the store to our area it was making around \$15,500 to \$17,000 weekly. The financials at the store were total chaos and even failed core in 2023. That didn't matter because with the help of Amanda she buckled down and started to push for success. Now we are running great financials here at Cullen with making over 100 RCP since period 2. Our sales skyrocketed to \$26,000 weekly and the sales percentage for YTD is 34.25% with the transaction's growth YTD is 2757%. Amanda has an amazing team working day and night to bring Cullen back to business even though it's in a very rough neighborhood. That will not stop the team from delivering customer service and great food here. Amanda is working with the opening of our new store at Orem. With her Yes I Can! attitude, I know she will do a great job!"

## **Vivianne's Region**

**From Area Coach: Scott McConnell**

**2952 Alexandria, LA**

"Nakeema and her team always have delivered one of the best customer services in the area. She has always maintained high VOC's scores as well as low dissatisfied and takes great pride in building a great work environment and culture by having a Yes I Can attitude! In addition, Keema has trained junior managers to go and work at other locations. Keema and her team have stepped up in a big way by working in different locations which currently don't have RGM's and they are doing a magnificent job keeping up with the business and doing what's needed to move forward. Keema has also stepped up while her AC Scott went on vacation for his wedding and on her own took the leadership role among the area and keeping communication open with everyone. She has communicated daily with all other stores to keep everyone informed and in the loop of any important information. We are thankful to Keema and her team for stepping up in a big way!"

# NRAEF Apprentice Week Employer Spotlight

B&G Food Enterprises, LLC has been partnering with the NRAEF since 2019 to implement Restaurant Manager apprenticeship training for its Taco Bell employees. To recognize five years of successful implementation, the NRAEF recently talked with B&G's Human Resources team, Davis Mendoza and Garret LeBlanc, about how it's going and what value it adds for the business.

B&G currently has 16 apprentices participating in the Restaurant Manager training across multiple Taco Bell locations in Louisiana and Texas. Employees who show promise for management roles are recommended by Area Coaches to participate in the Restaurant Manager apprenticeship training. The company has continued offering the apprenticeship program for five years now because "The employees are learning a lot and developing good management skills. They are getting the proper training they need." While the employees who enter the apprenticeship are typically Shift Leads, more entry-level employees and current managers can also complete an apprenticeship if they have the desire and aptitude. LeBlanc says that completing the apprenticeship builds confidence in employees to take on the General Manager role. "It gives them all the tools they need." When another operator asked Mendoza what value the apprenticeship adds for the business, he said providing this training opportunity, "shows your employees that the company values them." LeBlanc shared that the company "goes all out" to celebrate every apprentice graduate to recognize their employees' achievements.

With the program showing a strong return on investment (the majority of apprenticeship graduates have continued with the company), B&G is planning to expand implementation to more locations across 5 states in the coming years.
