Maintenance Reminders

- ☘ Check the CO2 tank gauges every few days to make sure they are full. This will help eliminate down time.
- ☘ Always use Filter paper for the fryers. When stores don't use Filter paper, the fryers get clogged. This sometimes takes 4-6 hours of labor time plus parts.
- ☘ Check out the exterior lights at night at least once a week. This is a safety issue.
- ☘ If you notice water puddling in the lawn, toilets running, or faucets dripping, please report it right away. This will save on the water bills.
- ☘ Remember to follow up on work orders in Corrigo. There is a place for messages that allows you to follow up with a vendor or tech to see how soon something will be worked on or if parts were ordered.

YOU HAVE A VOICE!

Her leadership has led to a 4.25- star rating for her restaurant this year, and her last CORE visit resulted in a 3 on OPS. Her willingness to support other areas and assist her peers is deeply appreciated. Thank you Edaly and the whole team at CE King for your hard work and dedication."

Michelle's Region

From Area Coach: Carolyn Henry

24689 St. Charles, Houma, LA

"I'd like to recognize Denise Williams at store 24689 in Houma, LA. Through her leadership, passion, hard work and dedication, Denise led her team to be a 5 Star restaurant for period 2. For period 1 they averaged a 4.5 Star. Denise said that wasn't good enough because she knows her and her team can do it. She shares results and feedback with her team daily. She motivates them and holds them accountable to meet their goals that they set at the beginning of the period to become a 5 Star restaurant. For period 2, Denise and her team obtained their goals, and their restaurant was 5 Star on Supreme. Thank you, Denise, for being determined to do a great job and bringing your team along by casting a positive leadership shadow on a consistent basis. You are greatly appreciated."
