

BiG Taco Report

Training Tune-Ups

Hand washing is the most important thing you can do to prevent foodborne illness. Always wash and sanitize your hands and put on a new pair of gloves before handling food.

1. Wet your hands with HOT water.
2. Apply antibacterial soap to your hands and rub them together to make a lather.
3. Wash your hands and wrists thoroughly for at least 20 seconds.
4. Be sure to wash the back of your hands, back of fingers, fingernails, between fingers, base of thumbs, palm to palm and wrists.
5. Rinse the soap off your hands completely.
6. Dry your hands with a clean paper towel.
7. Use the paper towel to turn off the water.
8. If the hand sanitizer dispenser is not automatic, use the paper towel to dispense sanitizer to your hands and rub them together to spread it. Let your hands air dry.

REMEMBER: Sanitizing your hands or wearing gloves does not take the place of washing them. You **MUST** wash and sanitize your hands every time.

Do you know anyone looking for a job?

Benefits

- Free Food
- Free Uniforms
- Scholarship Programs
- Vacation Time
- Career Growth Opportunities
- Special Discounts
- G.E.D. Program

YOU HAVE A VOICE!

Employees can text anytime they feel they have been treated unfairly, harassed in any way including sexual, to speak about unsafe work conditions, or have any issues with pay or being paid properly and on time.
