

BiG Taco Report

Safety Is Always on the Menu at Taco Bell

Great service starts with a safe workplace. Every team member plays an important role in creating an environment where both employees and customers feel secure. Following safety procedures helps prevent injuries, protects our team, and keeps operations running smoothly. As we move into the busy summer season, now is a great time to refresh our focus on workplace safety.

Human Resources Safety Reminders:

1. Always use the proper personal protective equipment (PPE), including fry gloves and cut gloves, when performing daily tasks.
2. Regularly inspect lobby furniture and equipment to ensure everything is safe and in good working condition.
3. Employees are not permitted to go outside once the lobby doors have been locked.
4. Do not open the back door after dark.
5. Ensure the restaurant is equipped with 4-foot wet floor cones and that they are used whenever needed.

Summer often brings increased customer traffic and a faster-paced environment, making safety more important than ever. By staying alert, following established procedures, and looking out for one another, we can help ensure every shift is productive, successful, and injury-free. Thank you for your commitment to maintaining a safe workplace and for everything you do to provide exceptional service to our guests. Have a safe and enjoyable summer!

YOU HAVE A VOICE!

Employees can call or text anytime they feel they have been treated unfairly, harassed in any way including sexual, to speak about unsafe work conditions, or have any issues with pay or being paid properly and on time.
