

BiG Taco Report

Storm Ready, Taco Bell Strong

With hurricane season almost here, preparation, communication, and teamwork will help keep our teams safe and our restaurants ready to serve our communities. We ask everyone to remain calm, stay connected, and follow the established plan throughout a storm event. National media coverage can sometimes make storms seem more severe than they are, so be sure to rely on your local news stations for the most accurate and up-to-date information. Your Head Coaches and Region Coaches will be communicating with you throughout the storm. Once the storm is over and it's safe, we want to always try and get back open to serve food to our communities as best we can. Below is a checklist of important steps to take before and after a hurricane.

May 2026

Maintenance Hurricane Preparedness:

- Cover all POS, Computers, Kiosks, electronics with plastic bags
- Turn off all cooking equipment, and warmers before leaving
- Stores that have covers for exterior menu boards need to cover the ODMB
- Take before pictures of the building (all four corners)
- Inventory product in walk in cooler/ freezer before leaving site and turn into office

Maintenance Post Hurricane:

Report all damage per location to the Maintenance Department (repair@bgfood.com) and Insurance Specialist. Repair and Maintenance will decide what to put in Ecotrak or send directly to vendors so that we can monitor cost for hurricane damage vs normal maintenance cost.

YOU HAVE A VOICE!

Employees can call or text anytime they feel they have been treated unfairly, harassed in any way including sexual, to speak about unsafe work conditions, or have any issues with pay or being paid properly and on time.
