BiG Taco Report

We hope everyone had a nice Thanksgiving with friends and family. As we move into December and the Christmas season, the Christmas shopping season should drive sales in our stores as our communities continue to recover from the pandemic. As things continue to move towards pre-covid behaviors, we are gaining traction with staffing; we have seen continual application flow as people are beginning to come back into the workforce.

As we hire more people, it will enable us to continue to increase our hours of operation and eventually launch breakfast company wide. Please be helpful and welcoming to new people as they start working in our restaurants. For many of them, this will be their first job. Any help and support you can offer them during training will not only benefit them, but also the entire work environment in the restaurant. That will make everyone's work life a little less stressful and more enjoyable.

Please remember that the holiday season also brings things we need to be cautious of. Theft and robberies increase during this time of year. Even with all the security alarm systems and camera systems that we have at all locations, we have to all follow the safety and security rules to insure the safety of everyone.

- Never open the back door after dark.
- Never let anyone in the store after the lobby has been locked for the night.
- Keep the cash drawers light; do consistent safe drops and utilize lock boxes.
- Make sure the back door closes completely after every opening and that the alarm is working when it is open.

These very simple rules can go a long way to keeping everyone safe.

Wishing you and your families a very blessed Merry Christmas and a healthy and Happy New Year! As always, thank you for everything that you do!

Greg Hamer Sr.
