BiG Taco Report

As the old saying goes, "April showers bring May flowers". We definitely had our fair share of extreme weather and rain during the month of April. Unfortunately, many weather forecasters have come out and predicted another active hurricane season for the gulf coast this year; let's hope they are wrong.

- Other extremes we are dealing with, besides weather, is extreme staffing challenges. I know that is putting it mildly, as we have never before dealt with staffing issues that we are currently experiencing. As summer approaches and more people get vaccinated, with any luck the world will start to turn the page on the COVID pandemic. We can only hope this brings back some normalcy, but some things have most probably changed for good.
- Delivery is one thing that is here to stay. Before Covid, we barely had a delivery business; now we have delivery in 130 of our 160 stores, and more coming soon. That translates into 10% of sales through delivery and it continues to grow. It is hard to predict when or if people will choose to dine in as we reopen our lobbies; popular thought is that dine-in business will not return to pre-covid levels anytime soon, if ever. Truth is, no one really knows how the general public is going to react in the future; all we can do is our best to follow all safety procedures and make lobby customers as comfortable as possible.
- One thing we do know is our drive-thru business is and will remain to be our bread and butter; having drive-thrus is what enabled us to survive COVID and continues to help us grow as we come out of the pandemic.
- As difficult as it sometimes is, we all know that **smiles** and **thank yous** bring customers back more often to enjoy our great food.

We want to thank all of you again for continuing to serve your communities through these very challenging times; even under high stress conditions and short staffed restaurants, you have kept things going while protecting your fellow team members and customers.

Profile of a Champion

This month's profile of a champion is Frank Boneno from Taco Bell #31657 in Baker, LA. He is the RGM of the restaurant and has been with Taco Bell for 14 years. He takes the donation fund for B&G very serious and has been at 100% for over a year now. Every new person he hires signs up to donate. When he is not working, he enjoys watching movies and playing games on his computer.

Thanks, Frank, for being a Champion! We appreciate YOU!

Congratulations to our Class of 2021 Graduates!

I've seen so many negative posts about taco bell that i have to share something positive. I ordered a chalupa and quesalupa (just wanted to try it) and WOW....they were hot, fresh,made perfectly to order and absolutely delicious. Whatever this location is doing, theyre doing it right! I believe in giving credit where credit is due and the staff of taco bell on cities svc hwy deserves the credit.....a job well done!
